Dear Parents of AP Students,

As we receive updates from College Board we would like to keep our families informed as well. AP exams will proceed for 2019-20 school year with the modifications listed below.

- The traditional face-to-face exam administration will not take place this year.
- For the 2019-20 exam administration only, students can take a 45-minute online exam at home. The new exam schedule will be available by April 3rd.
- To be fair to all students, some of whom have lost more instructional time than others, the exam will only include topics and skills most AP teachers and students have already covered in class by early March.
- Colleges support this solution and are committed to ensuring that AP students receive the credit they have worked this year to earn.
- Students will be able to take these streamlined exams on any device they have access to—computer, tablet, or smartphone.

While this situation unfolds we will continue to keep you updated as we know more from College Board.

Sincerely,

Monica Cabral
Assistant Principal
University Preparatory School
